Multi Group Video Wall Supported

Pure Hardware architecture, without Windows blue screen, virus risks, breakdown or vulnerability.

Modular design: Flexible configuration, expandable and easy maintenance.

Redundant PSU

Hot-swappable I/O cards

We are Unique **Automatic Opening System**

Patented automatic cover plate opening system which avoids contact between the monitor housing and the aperture.

Unistation **KVM Control** Single Keyboard & Mouse Set

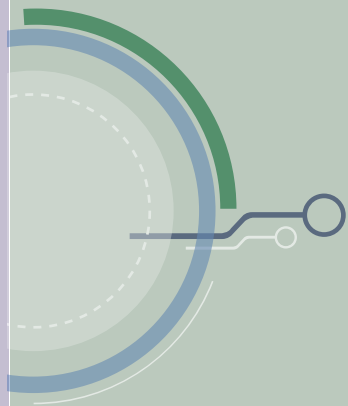

UniStation is designed to improve operators' efficiency, ergonomics, and comfortability in the working area by providing the operator access to view and manage any source within the system via multiple monitors and single Keyboard and Mouse set. The operator does NOT need to switch between different work stations or seats.

CONFIGURED & CUSTOMIZED **CONSOLES**

Consoles loaded with advanced features that can be configured and customised according to your needs.

Wireless Microphone System

ClearOne's Wireless Microphone System is the most economical, versatile, and easily scalable wireless system in the market today with unprecedented ease-of-use and simple installation. It complements other professional audio products from ClearOne including CONVERGE® Pro 1 & 2 Mixers, INTERACT Mixers, CONVERGE Matrix products. WS800 Receiver comes with and without Dante built-in audio networking.

- Built-in 4K Ultra HD camera with 110° ultra-wide-angle field of view.
- Intelligent audio and video technology plus ePTZ functionality for precise auto framing and people tracking.
- Integrated 4-element microphone array with 360° omni-directional voice pick-up and intelligent DSP for AEC and automatic noise reduction.
- Powerful built-in speaker designed to hear every word.
- Pair with your smartphone or tablet with bluetooth connectivity for exceptional audio quality

There's a SMART display for **Every classroom**

Using smart technology in classrooms has revolutionised the way of learning. It enhances student performance, attentiveness, awareness, and student participation. It provides opportunities to increase the interaction between the student and the teacher, making learning a beautiful and interesting process.

Interactive Display

There's nothing like an iQ-powered interactive display. The integrated K-12 Android-based experience is a platform purposefully designed to be easy to use for all. From EdTech newbie to ninja, iQ gives teachers easier, more powerful and more accessible ways to engage students anywhere.

Get connected:

- Connect student devices – in and out of the classroom
- Flexible access to verified apps
- Connect to videoconferencing
- Integrates with your existing classroom technology

Get simple:

- Simple to use and adopt
- Simple to maintain and future-proof
- Exceptional privacy and security

Get engaging:

- Free, powerful platform for teaching
- Free education tools, templates, and resources
